

MAGNAFLOW

PERFORMANCE EXHAUST CATALOG

COMPANY PROFILE

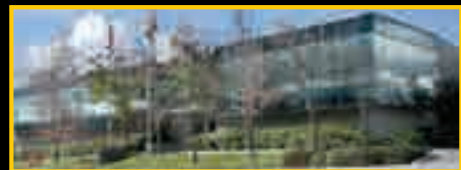

MagnaFlow specializes in superior catalytic converter technology and has spent the last 30 years earning its reputation as an industry leader around the world. We're proud to continue this tradition by producing the best sounding, best performing and most durable exhaust components in the world.

Our product line consists of catalytic converters, exhaust systems, mufflers, tips and accessories for cars, SUVs, gas and Diesel trucks. With over 480,000 sq. ft. of Southern California based facilities, we're able to research, design, manufacture and ship every product under the strictest of quality standards ensuring that the part you've purchased is worthy of your vehicle and the MagnaFlow name.

COMPETITION

Aggressive exhaust note. Reduced system mass.

RACE

Most aggressive race car sound. Muffler-less design.

TOURING

Balanced interior/exterior sound levels for European applications.

SPORT

Aggressive exhaust note tuned for European applications.

EXIT STYLE CONFIGURATIONS:

SOME DUAL SYSTEMS ON OPTIONS "C" MAY NEED MODIFICATION TO FIT AROUND TRAILER HITCHES:

DIESEL APPLICATIONS

TURBO CHARGER-BACK

FITMENT

Designed to replace all components from the turbocharger to the tailpipe.

PERFORMANCE

Increased capacity down pipe, mandrel bent tubing and straight through design muffler reduce restriction, yield lower EGTs and increased efficiencies making more power. For modified stock to big aftermarket power applications.

DOWN PIPE-BACK

FITMENT

Designed to replace all components from behind the OE down pipe to the tailpipe.

PERFORMANCE

Mandrel bent tubing and straight through design muffler reduce restriction, yield lower EGTs and increased efficiencies making more power. For stock to modified stock applications not equipped with OE catalytic converters.

CATALYTIC CONVERTER-BACK

FITMENT

Designed to replace all components from behind the OE catalytic converter to the tailpipe.

PERFORMANCE

Mandrel bent tubing and straight through design muffler reduce restriction and increase efficiency making more power. For stock to modified stock applications with OE catalytic converters.

DIESEL PARTICULATE FILTER-BACK

FITMENT

Designed to replace all components from behind the OE catalytic converter and particulate filter to the tailpipe.

PERFORMANCE

Mandrel bent tubing and straight through design muffler reduce restriction and yield increased efficiencies and power. For stock to modified stock applications with OE catalytic converter and particulate filters.

DIESEL APPLICATIONS

MAGNAFLOW NON-DPF

ALL STAINLESS STEEL NON-DPF KITS (PRE 2008) FEATURE:

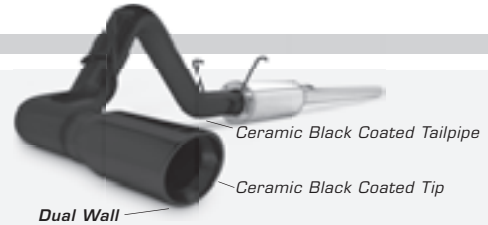

- Made in the U.S.A.
- Mandrel Bent Tubing
- 400 Series Stainless Steel Construction
- 300 Stainless Steel Mirror Finish Polished Tip(s) *
- Lifetime Construction Warranty. (Black has 1 yr on Finish)

BLACK (NON-DPF)

1yr ON BLACK FINISH

The Black series is our premier MagnaFlow Performance series with a twist ... featuring the same stainless construction but with the added protection and style of High Temp Satin Black Ceramic applied from tail pipe to tip.

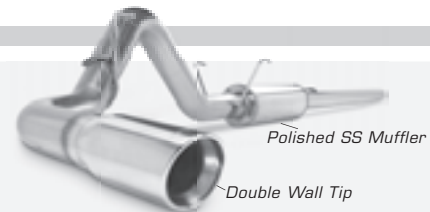

MAGNAFLOW SERIES (NON-DPF)

LIFETIME WARRANTY

Our premier Diesel exhaust systems featuring lifetime backed stainless steel construction and mirror polished finishes on the muffler and welded double wall tips. Expect big power gains from Cat-back to Turbo-back with our dyno proven straight through design.

PRO SERIES (NON-DPF)

LIFETIME WARRANTY

The PRO Series has a lifetime backed stainless steel construction with a satin finish muffler and no tip. This allows for some customization with an optional tip of your choice and at the best value.

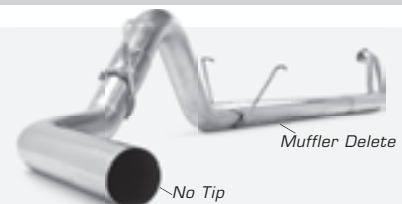

CUSTOM BUILDER PIPE KIT (NON-DPF)

LIFETIME WARRANTY

The Custom Builder Pipe Kit series has lifetime backed stainless construction and offers the most options for customization. For the Racer, it provides a mandrel bent pipe-only exhaust from Turbo to tail pipe complete with all hardware. For the street driver, the CBPK is the basis for a custom exhaust that allows you to purchase and install the converter, muffler and tip of your choice.

OFF ROAD PRO-SERIES (NON-DPF)

LIFETIME WARRANTY

The Off Road Pro-Series systems are designed without the Tailpipe and with a turn down tip before the axle for applications with custom suspension lifted or lowered or where tail pipe clearance may be limited for heavy trailering.

* Where tip(s) are included.

MAGNAFLOW DPF

ALL STAINLESS STEEL DPF KITS (2007-PRESENT) FEATURE:

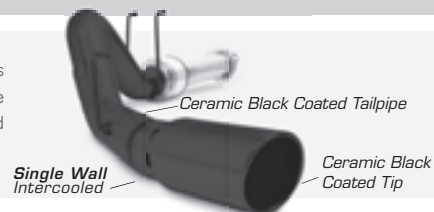

- Made in the U.S.A.
- Mandrel Bent Tubing
- 400 Series Stainless Steel Construction
- 300 Stainless Steel Mirror Finish Polished Tip(s)
- Lifetime Construction Warranty. (Black has 1 yr on Finish)

BLACK (DPF)

1yr ON BLACK FINISH

The Black series is our premier MagnaFlow Performance DPF series with a twist ... featuring the same stainless construction but with the added protection and style of High Temp Satin Black Ceramic applied from tail pipe to tip.

MAGNAFLOW SERIES (DPF)

LIFETIME WARRANTY

Our premier Diesel exhaust systems featuring lifetime backed stainless steel construction and mirror polished finishes on the muffler and welded tips. ALL MagnaFlow Performance DPF systems include a muffler AND muffler delete pipe. No hassle emissions legal design.

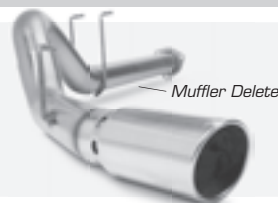

PRO SERIES (DPF)

LIFETIME WARRANTY

The PRO Series has lifetime backed stainless steel construction, a muffler-less design and mirror polished welded intercooled tips. The best value system with a no hassle emissions legal design.

PRO SERIES (NON-DPF & DPF KITS)

1YR LIMITED WARRANTY

The Aluminized PRO Series has a limited 1 year warranty with an aluminized muffler and no tip. This allows for some customization with an optional tip of your choice and at the best value on the market.

*ALL DPF KITS INCLUDE WELDED INTERCOOLED TIP(S) AND A MUFFLER-LESS DESIGN

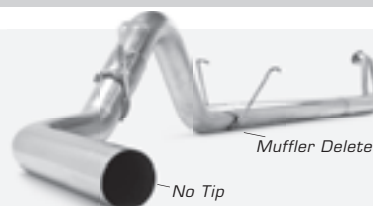

CUSTOM BUILDER PIPE KIT (NON-DPF)

1YR LIMITED WARRANTY

The Aluminized Custom Builder Pipe Kit Series has a limited 1 year warranty and offers the most options for customization. For the Racer, it provides a mandrel bent pipe-only exhaust from Turbo to tail pipe complete with all hardware. For the street driver, the CBPK is the basis for a custom exhaust that allows you to purchase and install the converter, muffler and tip of your choice.

OEM TO MAGNAFLOW TRANSITIONS

Use to connect 3.5" OEM Mufflers to 4" MagnaFlow Diesel Mufflers

Part # 15441
(10-Pack)

NO CLAMPS

Converter Installation Kit

Part # 16409

DIRECT FIT APPLICATIONS

D-FIT MUFFLER REPLACEMENT KIT

Magnaflow D-FIT kits replace the restrictive factory muffler, while maintaining the OEM piping & tailpipe. The straight through design muffler or muffler delete reduce backpressure creating more power & increasing economy without replacing the entire exhaust system.

WITH MUFFLER

FEATURES

- 409 Stainless Steel Construction
- Mandrel Bent Stainless Steel Tubing
- Lifetime Warranty, Made in the USA
- Mirror Finish Polished Stainless Steel Muffler
- Mirror Finish Polished Clamp-On Stainless Steel Tip

WITHOUT MUFFLER

FEATURES

- 409 Stainless Steel Construction
- Mandrel Bent Stainless Steel Tubing
- Lifetime Warranty, Made in the USA

GLASSPACK MUFFLERS

MagnaFlow GlassPack Mufflers are designed for increased performance with an aluminized steel body, perforated core, straight through design and precision robotic CNC-welding. Our non-fiberglass acoustic packing material delivers the classic GlassPack sound that you are looking for without sound degradation or blowout. MagnaFlow GlassPack Mufflers are proudly made in the USA.

To determine which muffler works for you, consider the following:

- Inlet/Outlet diameter
- Overall size of muffler being replaced
- Amount of space available for muffler
- Sound – small muffler means big sound

RACE MUFFLERS

MagnaFlow Race Parts are rugged enough to survive grueling races, like the Baja 1000, Lucas Oil Off Road Racing Series, Dakar Rally, Monster Jam, or even X-Games. Put to the test by drivers like Vaughn Gittin Jr, Casey Currie, Dennis Anderson and Robby Gordon, these parts are tough as nails and give you that performance you're looking for. MagnaFlow's specialty race mufflers feature stainless steel bodies, muffler caps and perforated cores, with our straight through, Wide Open Performance design; our mufflers give you that true MagnaFlow performance. In addition, now that racetracks are enforcing stricter decibel level restrictions, MagnaFlow is giving the consumer another option when it comes to choosing a race part to stay within those guidelines.

TIP DIA.	CORE SIZE	INLET SIZE
3.25"x4.5"	2.5"	2.25"

STREET

High flow tuning tube performance.
Balanced exterior/interior sound.

COMPETITION CORE

Straight through Competition Core power.
Maximum flow with an aggressive tone.

TUNABLE

Adjustable sound damper to customize tone.
Exhaust noise levels tuned to personal preference.

BLACK

High temp satin black ceramic coating.
Aggressive style and enhanced protection.

CUSTOM BUILDERS KIT STAINLESS STEEL

Whether you're a proven hot rod builder like Chip Foose or someone working on a project in your home garage, the MagnaFlow Performance Exhaust Custom Builder/ Hot Rod Kit is the perfect starting point for your one-off exhaust system. When 'off the shelf' won't cut it, our kits are there to help you create an exhaust system to fit your needs. Designed to include all of the basic building blocks needed for your system, including an array of hangers and flanges, as well as straight pipes, and mandrel-bent J-, U- and L-bends, you can piece together your custom exhaust however you choose.

MF Custom builder pipe kits are a pipe only design exhaust system with all the necessary tubing and hangers to install giving the user the opportunity to select their own muffler and tip best suited for that application.

Available in various diameters and backed by MagnaFlow's Lifetime Warranty, there is no reason to go any other route. Be sure to include a set of polished MagnaFlow performance mufflers to finish that truly one-off exhaust system.
